

UEE22011

Certificate II in Electrotechnology (career start)

2022

This VET Program is designed for students to gain the skills and knowledge needed to either enter the electrical industry or look to further their education before starting their careers.

COURSE AIMS

Students will develop a variety of skills including fabrication and assembly, using routine equipment and technologies, solving problems with D.C circuits as well as applying the best practice Occupational Health and Safety regulations to everyday work.

CONTRIBUTION TO VCAL/VCE

VCAL: One credit towards a VCAL learning program is awarded on successful completion of 90 nominal hours of accredited VET curriculum.

VCE: Students who complete this Program may be eligible for recognition of two or more units at units 1 & 2 level and a units 3 & 4 sequence (if available). Students may not be recognised for all eligible credit until the completion of the second year.

ATAR: This program does not have a study score and therefore cannot contribute towards the student's primary four. Where a units 3 & 4 sequence is available and satisfactorily completed, it may be counted as a 5th or 6th subject and contribute towards their ATAR (10% of the lowest study score of the primary four).

Please note: The student must already have English and three other fully scored VCE/VET subjects to create the primary four.

POTENTIAL PATHWAYS

- Certificate III in Electrician
- Certificate III in Electrical Fitter
