

Music (Sound Production)

CUA30920 MUSIC - SOUND PRODUCTION

What it is

This program provides a broad overview of the music industry which provides students with the knowledge, skills, and competency to enhance their employment prospects in the music and creative arts industries.

Students communicate with live performers and learn the practical skills and knowledge to record, mix and edit sound sources.

Students record a basic music demo and mix it in a studio environment.

Students connect with the music industry and mix the sound for professional and school based musicians (bands/soloists) in local music venues, churches and online.
