Must provide own Transport

REQUIREMENTS

Warm Clothing preferred

FURTHER INFORMATION

Contact Polly or Jenny at events@highlandslen.org

Come on a journey to discover the Mount Mercer renewable energy Wind Turbine's

With the local Site Manager aboard the bus, you will take a tour of the Wind Farm with a first hand view of the farm in operation.

This tour can be combined with the immersion at the Federation TAFE and Federation University conducting the Global Wind Organisation Standard course as well as other entry pathways such as auto-electrical, mechanical fitter and auto technician. At Federation Mount Helen Campus, see inside the training turbine and learn about the composite materials that make a wind turbine.

Principles of Learning :

- Shared Knowledge
- Connect with Communities and real life experiences
- Build resilience , confidence and real life experiences
- Integrated practical learning
- Diversity of learning styles and Methods

Note: Program commencement is subject to minimum numbers. Programs are subject to change. All details are accurate at the time of publication (October 2023).
