

Outdoor Recreation

SIS20419 CERTIFICATE II IN OUTDOOR RECREATION

What it is

This is a hands-on, action-packed active course that involves several activities indoors, but mainly outdoors. All levels of student fitness are welcome and accommodated for.

Due to the many excursions and outside environments required to assess students, this program is delivered for a full day on a Thursday during the school week.

This program provides students with the skills and knowledge to be competent in performing core skills in outdoor recreation environments and assisting with the conduct of a range of outdoor activities. Students are taught essential technical and facilitation skills under the direct supervision and guidance of experienced leaders.

The Outdoor Recreation industry was recently placed on the skills shortage list. Federation TAFE has addressed this need and opens up this program to VET Cluster students. Federation TAFE have successfully completed a risk assessment for all planned activities.

What you learn

You learn from the following subjects (Units of Competency):

- ✓ Assist in conducting outdoor recreation sessions SISOFLD001
